Hexa-Cover[®] Floating Cover*

Hexa-Cover® Floating Cover

Since its launch in 2004, the Hexa-Cover® Floating Cover has grown to be the leading solution for floating covers.

The unique and patented Hexa-Cover® Floating Cover is a brilliant cover on almost any kinds of Mining liquids.

Hexa-Cover® Floating Cover is the ideal solution for eliminating such things as:

- 💧 Evaporation.
- 💧 Heat loss.
- 💧 Odor.
- 💧 Emission.
- 💧 Organic / Algae growth.

Today Hexa-Cover® Floating Cover is in use on all forms of PLS Ponds , Basins, Reservoirs, Containers, and Tanks .

The Hexa-Cover® Floating Cover ensure:

- 💧 Up to 99,9% coverage of the surface.
- 💧 Noticeable reduction in heat loss.
- 💧 Up to 95% reduction of evaporation from water surfaces.
- 💧 Up to 95% stable and constant reduction of emission (i.e. ammonia).
- 💧 Up to 90% stable and constant reduction of odors.
- 💧 Noticeable reduction in organic growth such as algae, weeds etc.

Hexa-Cover® Floating Cover

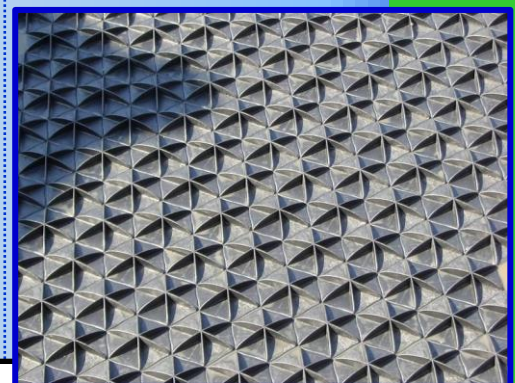

Hexa-Cover® Floating Cover come in big-bags, or in containers.

The tiles are simply poured onto the surface, where after the Hexa-Cover® Floating Cover automatically distribute and create a coherent cover

"Sloped walls": At changes in the level of the liquid, the Hexa-Cover® Floating Cover will automatically be activated and create a coherent cover.

Features and benefits:

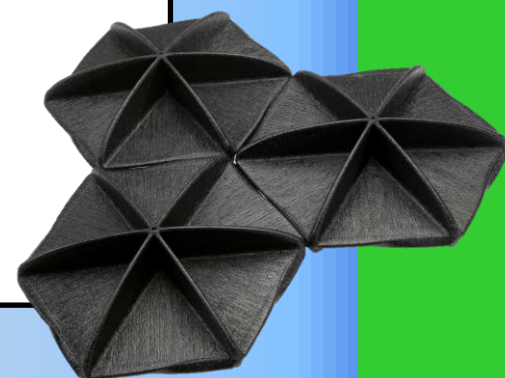

- Evaporation Storm resistance (R114 tested up to 32 m/s)
- Ease of installation, no need for any special equipment.
- Installation on both full and empty "tank".
- Automatic distribution of floating tiles on liquid surface.
- Automatic adaption to changes in the level.
- Fits to all shapes and geometries.
- Easy adaption to bigger/smaller surfaces by adding/removing tiles.
- 360o free and unlimited access to the liquid for e.g. measuring, emptying or stirring.
- Life expectancy of 25 years.
- Favourable price.
- No running cost, No repair cost, No maintenance cost.
- No insurance cost.
- Significant reduction of heating cost.
- Represent a substantial value if sold secondhand.
- Unaffected by rain, snow and frost.
- Allows installation of aeration to ensure. aerobic conditions are maintained
- "Invisible" - the solution does not disfigure the landscape.

Material:

The Floating Cover is manufactured from PP Raw material PolyPropylene. "R114":

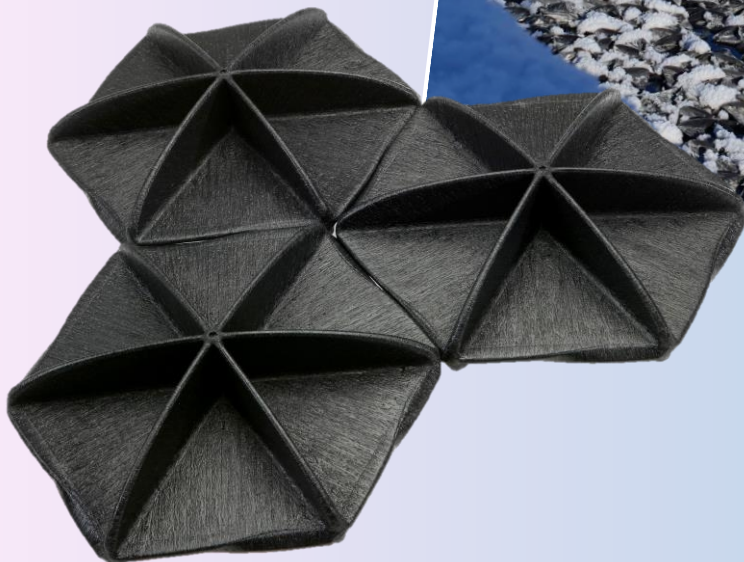

Diagonal measure:	228 mm
Weight:	243 g
Height:	70 mm
No. per m2:	28
Big-bags:	
100 x 130 x 250 cm:	40 m2
Weight per big-bag:	ca 275 kg

High Quality Hexa-Cover® Floating Cover "R114"

Cover Your Liquids To Prevent

- ✓ **PLS Heat loss.**
- ✓ **Evaporation.**
- ✓ **Odor.**
- ✓ **Emission.**
